Flintoid Roofing,

and Etc.

Send us Your Estimates. Prompt Shipments.

All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ca., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1. Trial bottle free at Clay City Lbr. & Stave Co.

A few weeks ago a merchant and a preacher of Paris each whipped their wives, and every one in that town did all they could to keep the matter quiet. Last week a negro did the same thing and the poor devil was fined \$25. and 25 days in jail at hard labor. We fail to see why the distinction should have been made.—Ex

Look Pleasant Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Clay City Lbr. & Stave Co.

Sunday School Convention.

A Sunday School convention of the Baptist churches of the Boones Creek Association will be held with the church at Powell's Valley, Saturday and Sunday. The address of welcome will be by Rev. J. T. Turpin; response by R. R. Perry. The introductory address will be by W. L. Shearer. "The Ideal Sunday School" will be discussed by Revs. J. S. Wilson and P. J. Conkwright. "The Layman as a Soul Winner for Christ" by Clayton Srode, H. G. Garrett and J. N. Conkwright. Sermon on Sunday morning by Rev. Richard French. Sunday afternoon "The Church at Work in the Sunday School" will be discussed by Revs. W. L. Shearer and S. F. Thompson, and "Comparison of Apostolic and Missionary Baptist Churches," by Dr. B. B. Bailey. Rev. P. J. Conkwright will preach Sunday night. Dinner on the ground Sunday, E. & E. trains Saturday and Sunday reach the church and leave same at convenient hours.

Two Games at Clintonville.

The home ball team went to Clintonville Saturday and there played two games. The first was an easy walk-over for Clay City. They won a score of 18 to 3. In the latter game three of our best were taken out and their places supplied by bystanders. This game, though not so well played, was more interesting and resulted in a score of 8 to 10 in favor Clay City.

And the latest is that we are threatened with another epidemic—we mean an extra session of congress.

Typhoid Fever Epidemic.

There is an epidemic of typhoid fever in Bath county, there being nearly a hundred cases. This is a greater number than ever before known, and is attributed mostly to the use of impure water.

Shooting at Campmeeting.

At the camp meeting at Spruce on Sunday, Charles Robinson, recently pardoned from the penitentiary by Governor Beckham, and Marion Martin became involved in a quarrel. Shots were exchanged, and both men were hit on the arm. Pandemonium reigned, and Martin's mixing in the congregation saved his life.

Change of Venue.

Judge Ira Julian, of Frankfort, who was appointed special Judge to try the Tom Cockerill case at Jackson convened the court on Wednesday. The original petition being lost, caused a days delay. A change of venue was granted and the trial moved to Wolfe county where it will be heard some time in October. The Hargises have announced their intention to drop the prosecution, but the Commonwealth will continue it.

Pedestrian Rights.

The right of a pedestrian on an established street crossing over any vehicle whatever, except those of the fire and police departments, is absolute, yet every day we see this established principle of American law violated by fast drivers and by those who are not driving fast. Perhaps you do not know it, but you have no right if you are driving to force any pedestrian to stop and wait until you go over the street crossing. You are the one who is supposed to stop. If injury occurs to a pedestrian on account of your failure to stop, you are personally liable for damages.—Exchange.

The kickers on the farm are not as hard to get along with as the kickers in town, says an exchange. On the farm there are the kicking cow and our long-eared friend, the mule with in town there is the old mossa-back who is opposed to letting his business be known through the local press and who wants all the privileges of municipal living without paying for them, and blocks, so far as he can, every municipal improvement. The cow may be sold for beef and the mule traded for a shot-gun, but nothing but a funeral will get rid of a town knocker.—Green River Republican.

Support the country weeklies, and in order to keep the editors under obligations to you instead of under obligation to the bankers, pay for your subscription in advance.—Commoner.

There is a prohibition law in Abyssinia which is enforced by chopping off the head of any individual who makes, sells or drinks liquor. That's about the only effective remedy for the evil.

An old man in Kentucky has been sued for \$2,000 for shaking a girls hand so hard as to injure it. We never do anything except with the utmost enthusiasm in this State.

Early Corn Delivered.

Mr. A. J. Ross informed us that he has already delivered a load of new corn this year. The delivery was made last week and the corn brought \$2.50 per barrel.—Richmond Register.

A Lengthy Pipe Line.

The Standard Oil Company has made a deal by which they will in a few weeks, begin the construction of a transit oil pipe line from Somerset to Parkersburg, W. Va.

Labor Day.

Governor Beckham has issued a proclamation in which he calls upon all citizens of the State to observe next Monday, September 1, as Labor Day, this day being the first under the law passed by the last Legislature.

Shatters All Records.

Twice in hospital, F. A. Gullidge, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues Inflammation, conquers Aches, kills Pains. Best salve in the world. 25c at Clay City Lbr. & Stave Co.

Drowned in The Ohio.

Miss Mable O'Rear, the seventeen year-old daughter of Judge Ed. O'Rear of the Court of Appeals, was drowned near Cincinnati Friday. With several companions she was in a skiff which was overturned by the waves of a passing steamboat.

Asylums Overflowing

The insane asylums of this State are full, and no more female inmates will be received for a time. The county authorities will have to care for those so afflicted in their bounds until additional room for their entertainment can be secured.

A Fish Story

This fish story comes from Natural Bridge: While boat riding with a party of friends from Winchester on the lake, Miss Alice Guilty playfully dropped her hand by the side of the boat, dabbling her fingers, on one of which was a diamond ring, in the water. Suddenly she felt a sharp pain in the ring finger, and with a jerk and scream drew her hand out of the water and threw a fish, weighing three pounds, in the midst of her astonished companions. Marks on the finger above the ring show that the fish took in the entire member in its efforts to secure the sparkler, which was evidently its attraction, and which proved its undoing.

Found a Kit of Tools.

On M. H. Hawkins' farm near Iron Mound, Estill county, Lum Allen and Albert Hawkins, tie makers, ran across a set of carpenter tools under an old tree that was lying on the ground, and had rotted. In the bunch of tools was found one iron square, two hand saws, 1 1/2-inch auger, brace and three bits, four mortising chisels, one hatchet and one foot adze. The hatchet was branded on the right side with the letter "F", and looks to have been there several years. These tools were well preserved, considering their exposure.

The kid nine of Clay City seems to be doing a great deal of practicing of late. They will soon be a rival of the first nine.

In the one precinct of Winchester where liquor was sold, the "drys" won in election there Tuesday by a large majority.

The Lexington Business College, which made an assignment last Spring, will be sold at auction Saturday, August 30.

Just Look At Her.

When came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result,—all organs active, digestion good, no headaches, no chance for blues. Try them yourself. Only 25c at Clay City Lbr. & Stave Co.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.
